Professional Summary

Computer Science (CSBS) student at Chandigarh University (CGPA: 8.06/10) with hands-on experience building full-stack web applications and AI/ML-powered solutions. Proficient in Python, JavaScript, React.js, FastAPI, Flask, SQL, and machine learning frameworks. Experienced in developing scalable software systems, AI-powered applications, and data-driven solutions. Seeking Software Engineering and Machine Learning opportunities.

Technical Skills

Languages	Python, JavaScript, C++, SQL
Frontend	React.js, HTML5, CSS3
Backend & APIs	FastAPI, Flask, Node.js, REST API Design
Databases	MySQL, SQLite
AI / ML	Scikit-Learn, Pandas, TensorFlow, MobileNetV2, LightGBM, HuggingFace APIs
Cloud & DevOps	Microsoft Azure, Git, GitHub, Render, CI/CD Basics
Testing	Vitest, fast-check

Projects

CropCare – AI-Powered Crop Disease Detection System *React.js, FastAPI, TensorFlow, LightGBM* GitHub

- Built hybrid crop disease detection system using GLCM, HOG, MobileNetV2, and LightGBM.
- Achieved 96.17% accuracy across 17 disease classes.
- Developed full stack React FastAPI application with 0.42 second inference latency.

SLM Arena – Local LLM Benchmarking Dashboard *React.js, Vite, FastAPI, Ollama* GitHub

- Built a benchmarking dashboard to evaluate LLaMA 3, Mistral, and Phi-3 models.
- Reduced model evaluation and comparison time by 60%.
- Implemented real-time telemetry tracking CPU load, RAM usage, and token throughput.

Smart Inventory Management System *Python, Pandas, Scikit-Learn* GitHub

- Applied Isolation Forest anomaly detection and ABC/XYZ demand classification.
- Improved forecasting accuracy by 15%.
- Built dashboards to visualize high-risk inventory segments across 1000+ SKUs.

Work Experience

Co-Founder Adina Campus Jewelry Startup *2024 – 2025*

- Managed sourcing, pricing, customer acquisition, and inventory operations during college fests.
- Developed communication, negotiation, and budgeting skills.

Core Member – Operations & Logistics CAC Club *2024 – 2026*

- Managed logistics and crowd control for university events with 200+ attendees.

Core Member – Technical Events CSBIZ Nexus Society *2024 – Present*

- Coordinated technical events and student engagement activities involving 150+ participants.

Education

2023 – Present B.E. Computer Science and Business Systems, **Chandigarh University** CGPA: 8.06/10

Certifications & Achievements

- Microsoft Certified Azure AI Fundamentals AI-900
- AWS Fundamentals Forage Virtual Experience Program
- Secured 40% scholarship through Chandigarh University Common Entrance Test CUCET
